

Wireless Ordering System

The Ideal Food and Beverage Service For Golf Courses.

Rugged two-way callbox with tamper-resistant enclosure speeds play by allowing food ordering from the 9th Tee. The Callbox XT also serves as an effective defibrillator deployment system from anywhere on the course.

NEW!

CLUB CALL™

OutPost XT Callbox

Wall Mount Base Station

The 2-way radio/intercom base station receives snack bar orders at your clubhouse. Built-in Weather Scan (VHF) also alerts personnel to developing weather conditions.

Desktop Base Station

VHF/UHF Portable Radios

Portable radios permit greater mobility of course personnel.

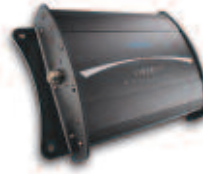

LoudMouth Wireless PA System

The Club Call system is also compatible with these Ritron wireless products!

CLUB CALL™

Food and Beverage Service For Golf Courses.

Complete Wireless
Communication Solutions
from the Leader in
Workplace Two-Way
Radio Systems.

Golfers speak into the Callbox to pre-order food and beverage. The order taker answers back on a base station or hand-held radio. At the turn or when the round is finished, nourishment awaits the golfer in the clubhouse.

For nearly three decades Ritron has been designing, manufacturing, and supplying reliable, professional wireless communications products for users worldwide. Ritron wireless products will improve the operation, safety, and profitability of any organization by providing instant voice communication between key employees throughout the workplace.
